INTRODUCTION

A haven of tranquility

Harcourt Gardens is a place of balance and equilibrium. Busy when you need it, peaceful when you don't. Perfectly poised amongst 2.6 acres of vibrant, green landscaping with Canary Wharf on its doorstep, this really is a place to flow effortlessly between work and play and night and day.

With a perfect balance of features, facilities, local restaurants and innovative retail offerings, Harcourt Gardens offers exceptional London living through homes that allow every element of life to be enriched.

Residents become exclusive members of The Quay Club, offering facilities that are the stand-out feature to life at Harcourt Gardens. A sauna and spa, gym, outside hot tubs, modern work space, games room, karaoke room and an abundance of outside space and beautiful gardens including the Sky Meadow, will ensure a life well lived at SQP.

LANDSCAPED GARDENS

Unique access

to an urban eden

All life flows as one at Harcourt Gardens. The landscaped public spaces are a truly distinct addition to Canary Wharf. Around 2.6 acres of green, natural beauty unfurl across the development, offering an almost paradoxical calm to the surrounding buzz of London's business activity.

This is your own personal sanctuary.

Find the secret to serenity

South Quay Plaza

Harcourt Gardens

In contrast to its fast-paced energy, Canary Wharf is also home to multiple parks, cool blue riverside spaces, and a tropical oasis hidden beneath a distinctive, timber latticed roof – the Crossrail Place Roof Garden.

The estate is peppered by beautiful green parks and gardens, creating hidden hideaways of zen-like calm. These pockets of peace and tranquility are perfect when looking to restore a sense of balance after a busy day. Here you can relax, recharge, and reconnect with nature.

Life in perfect harmony

SQP is large enough in scale and scope to be described as a residential quarter in its own right. The three buildings, Harcourt Gardens, Valiant Tower, and Berwick, will collectively offer over 1,000 premium apartments, including suites, 1, 2 and 3 bedroom apartments as well as a collection of penthouses.

The buildings are set in generous areas of gardens and public realm, with the waterfront of South Dock as the glittering backdrop. SQP will also benefit from new retail space at the ground floor, including bars, restaurants and local convenience stores.

The design, implementation and long-term management of these elements is something the Berkeley Group excels in, committed to world class standards of both placemaking and placekeeping.

**Colour palettes come in three unique styles created by the interior designer. One colour palette can be chosen for your new home and elements from each palette cannot be interchanged.

Your attention is drawn to the fact that it may not be possible to provide the branded products as referred to in the specification. In such cases, a similar alternative will be provided. Berkeley reserves the right to make these changes as required. A number of choices and options are available to personalise your home. Choices and options are subject to time frames, availability and change. Colour options fall within three bespoke palettes and palettes cannot be combined. Sanitary ware comes in white, and all metalwork comes in a finish of polished chrome. One colour palette may be selected and will be installed throughout the apartment. Selection is subject to time frames. If a unit has not been reserved prior to fit out, default options will be chosen.

Designed for life

Designed for life

South Quay Plaza

AT BERKELEY, WE ARE COMMITTED TO CREATING GREAT PLACES
WHERE PEOPLE LOVE TO LIVE, WORK AND RELAX. WHERE THE
HOMES ARE LIGHT-FILLED, ADAPTABLE AND FINISHED TO VERY HIGH
STANDARDS. WHERE CAREFULLY PLANNED PUBLIC AREAS ENHANCE
WELL-BEING AND QUALITY OF LIFE FOR RESIDENTS AND VISITORS.
WHERE PEOPLE FEEL A SENSE OF COMMUNITY.

Customers drive all our decisions

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

Choice and diversity

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

Quality first to last

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

Green living

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

Commitment to the future

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

Harcourt Gardens

Why Buy with Berkeley?

BUY YOUR NEW HOME FROM US WITH COMPLETE CONFIDENCE

From the moment you arrive at one of our developments, you will notice the Berkeley difference. This won't just be in the quality of the craftsmanship, the stunning surroundings or the enviable location. There is something intrinsically special about the experience we offer you.

We don't think in terms of bricks and mortar, we think about creating exceptional places for you to call home.

We will help and support you throughout the buying process, giving you peace of mind every step of the way. So welcome to Berkeley, please be assured you're in safe hands with us.

Harcourt Gardens

Sustainability

THIS IS HOW WE ARE ENSURING SUSTAINABILITY AT HARCOURT GARDENS

People, planet, prosperity

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Harcourt Gardens.

Nature and biodiversity

Parkland, trees, flowers, green roofs, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of the city. They are all part of our commitment to net biodiversity gain on our developments. Within and around Harcourt Gardens, we have created natural habitats that encourage wildlife to flourish.

Waste and recycling

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

Water efficiency

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

Energy efficiency

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR).

Noise reduction

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

Clean air

It is hard to avoid polluted air, particularly in our cities. Throughout Harcourt Gardens we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air.

Sustainable transport

Harcourt Gardens is served well by public transport, located moments from South Quay DLR station, a few minutes walk from Canary Wharf underground (Jubilee line) and the forthcoming Crossrail (Elizabeth line). We also provide secure cycle storage and encourage the use of sustainable methods of transport to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

Stewardship

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with POD and residents to ensure the development remains in pristine condition.

Future-proof design

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

Our Vision

Berkeley Group is a responsible organisation, wholly committed to being a world-class business, as defined by the quality of places we create, the value they generate for people, communities and the environment, and their positive long-term impact on society. We set ourselves the highest standards in the industry for design, construction, safety and efficiency.

Our Vision, a strategic plan for the business, is designed to raise our standards higher still. Our Vision is reviewed every two years, following objective analysis and discussion of the key industry, national and global issues that are most relevant to our customers and supply chain.

Our Vision focuses our attention on five key business areas:

- CUSTOMER EXPERIENCE
- QUALITY HOMES
- GREAT PLACES
- EFFICIENT AND CONSIDERATE OPERATIONS
- COMMITMENT TO PEOPLE AND SAFETY

The Berkeley Foundation

We are committed to making a real and lasting difference to the communities we serve.

The Berkeley Foundation supports voluntary organisations in tackling long-term social issues in their local community. Working together, we help people choose a different life path, develop confidence and skills, and find hope for the future.

Since we established the Berkeley Foundation in 2011, we have committed many millions of pounds to hundreds of charities and organisations. A significant proportion of our donations are raised through the tireless efforts of our own staff.
